

# 7 STEPS TO SAVE THE EARTH

1

## REDUCE, REUSE, RECYCLE

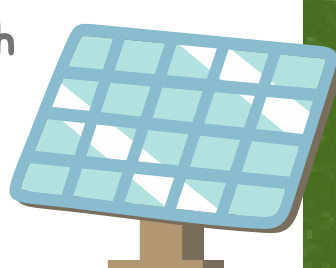

Use only what you need, re-use things for the same or new purpose and convert waste into useful products.

2

## ENERGY CONSERVATION

Turn off the lights when not in use and use energy efficient light bulbs which reduces greenhouse gas emissions.

3

## ECO-FRIENDLY TRANSPORT

Bike more, drive less to reduce greenhouse gases. Or take advantage of local mass transit if possible!

4

## PLANTING A TREE

Trees provide food and oxygen which can help save energy, clean the air and help combat climate change.

5

## REDUCE PLASTIC USE

Replace plastic products with environmentally friendly alternatives to reduce plastic pollution.

6

## EDUCATE

Helping others understand the importance and value of our natural resources.

7

## VOLUNTEER

Join our SG Clean Ambassadors network to help promote SG Clean habits and social norms.
